WHAT IS TRUE PROGRESS??

The author of My UNknown Chum, a gem of American literature, writing before the era of the automobile and aeroplane gives us this classic definition of progress: "True progress is something superior to your puffing engines and clicking telegraphs, and independent of them. It is the advancement of humanity in the knowledge of its frailty and dependence; the elevation of the mind above its own limited requirements of the infinite source of knowledge; the cleansing of the heart of its selfishness and uncleanness; in fact, it is any thing whatever that tends to assimilate man more closely to the divine Exemplar of perfect manhood.

FOR YOUR BENEFIT? READ ON-

Beginning with this number of the Sangueguiniest, we will feature a series of articles on the Mass. Emphasizing the idea of lay participation in the Holy Sacrifice, this series hopes to give you that necessary information which will make for more intelligent assistance at Mass.

DISCUSSION ONE - WHO OFFERS THE MASS

Christ, first of all offers, and is offered in the Sacrifice of the Mass. It is most truly, the Sacrifice of Christ.

The Priest, who has received his power from a direct descendant of the Apostles, the Bishop, has the power of consecrating. In a special manner, representing Christ, Priest and Victim, he offers the Sacrifice of the Mass.

The People, the lay Priesthood, likewise offers the Mass with Christ and in Christ. During the offertory, the Priest turns and exhorts the people: "Pray brethren that my sacrifice and yours be acceptable to God, our almighty Father."

AGAIN, THE LEGION FOR DECENCY-

It is an obvious fact well supported by statistics that much of your juvenile crime is due to obscene shows, immoral books, magazines, and suggestive pictures. Every time you patronize a picture condemned by the Legion For Decency, every time you buy obscene or suggestive print (we hesitate to degrade the word, literature) you are deliberately contributing to the support of those "vice lords" who would paralyze and destroy the very strength and soul of our American Nation the youth of today. By such support you stand branded not only as immoral, but unpatriotic as well. Rearmament will be meaningless without moral re-armament. Think it over!
